OUR DNA

QUALITY

With more than 90 years of expertise, through its activities, the FW Barbotto Group is valued by the know-how of its managers and their teams, the continuous search for customer satisfaction, as well as solid and durable partnerships with the main local actors, service providers and producers of the region.

CITYZENSHIP

All the players and employees are motivated by the same objective, that of understanding the context in which we live and changing behaviors. A value that rhymes with the respect that the Group instills in its teams and partners, but also with solidarity when it comes to supporting those in need.

ECORESPONSIBILITY

The FW Barbotto Group is aware of the need to act to preserve our environment. This is why its ambition is to achieve a sustainable balance respecting the planet in all its activities.
